

## And Both Were Young

Flip feels like a prisoner when she first arrives at boarding school in Switzerland; her days are strictly scheduled and she never has a minute to herself. She is constantly surrounded by girls who never stop talking about clothes and boys, making Flip feel lonely, clumsy, and awkward. Then she finds a true friend in Paul. He understands her in a way that no one at school does, and she breaks the rules to spend time with him. But as the two become closer, Flip learns that Paul has a mystery in his past. To help him discover the truth, she must put herself in serious danger. This new edition of one of Madeleine L'Engle's earliest works features an introduction by the author's granddaughter, the writer Lena Roy.
